Budget Payment Plan

Petroleum Kings LLC Heating Oil

Thank you for considering Petroleum Kings LLC Heating Oil's Budget Payment Plan for the 2015-2016 heating season. Our Plan is as follows:

BUDGET PAYMENT PLAN

1. Our goal is to offer you, the customer, a way to spread payments over a longer period of time. Instead of having to worry about a big bill showing up at an inconvenient time, you can choose a 10-month payment option. This way you will have consistent monthly payments.
2. For added convenience you will be enrolled in our Automatic Delivery Program. Automatic delivery for each individual is determined by using daily temperatures, summer-winter hook up and consumption.

TERMS & CONDITIONS

1. Payment terms are equal payments beginning August 1, 2015 for the 10-month plan, **due on the first of** each month. Budget Payments received after the 5th of the month will be considered late.
2. We will charge our posted price, which is determined at time of delivery. **Coupons** or other discounts DO NOT apply to Budget Payments or deliveries made under this program.
3. Budget Plan Payments will require credit card payment on a **monthly basis ONLY**. Non-Payment of monthly budget due will void this contract. Deliveries will be suspended pending approval from Credit Department.
4. All Budget plans requires a Credit Report screening before approval. A minimum of 2500 gallons and 5000 gallons maximum during season is required.
5. At the end of the heating season, May 1, 2016, any credit balances will be taken into consideration for the computation of your new payment for the next heating season. Any balances due must be paid in full prior to renewing your Budget Payment Plan contract.
6. The Budget Payment Plan is NOT self-renewing. Renewals must be signed and returned to be eligible for each season.
7. If you start the program late and our payments have already begun, you are responsible for catching up on back payments. Payments are September through May. They CANNOT and WILL NOT be extended.
8. If your Budget Account is not enough to cover your deliveries whether caused by increased consumption or unforeseen price spikes in the heating oil market, your monthly payment will be adjusted accordingly. Every attempt to contact you regarding such adjustments will be made. However, if our attempts to contact go unanswered and the necessary adjustments are unable to be made we may be forced to suspend deliveries until such a time as you contact us to discuss your options and make necessary changes to your monthly payment.
9. If for any reason your fuel usage is increased (i.e. more people in the home, construction, or anything that may alter your usage) this must be reported to us immediately. You agree that outages resulting from past due account balances, a change in rate of consumption from your prior deliveries, tank and/or venting problems, incorrect usage information, or your account being placed on a "will call" status are not the responsibility of Petroleum Kings LLC Heating Oil.
10. If you have more than one fuel tank on your property, whether active or inactive, it is the customer's responsibility to label all the tanks to prevent accidental delivery to an incorrect tank. Petroleum Kings LLC is not responsible for delivery to an incorrect tank unless the tank is sufficiently marked or our office has a record of multiple tanks.

13. If a balance is not paid in a timely manner you can be considered to be in default. Default means we can demand immediate payment on the full balance. If we refer collection for the balance to an attorney or collection agency, you will be liable for all reasonable fees incurred plus all court costs and expenses.
